Herbal Essences Like the lovely tresses of Uma Thurman, Teri Hatcher and Debra Messing? They have one thing in common: Their locks are tended to by celebrity hair stylist Laurent Dufourg, who created the special herbal blends found in PrivA© Formule Aux Herbes collection. The collection's new Firm Hold Hair Spray #41 will hold hairstyles in place without stiffness. Formulated with calendula to product hair and pistachio nut oil for shine, the spray is an essential styling tool. PrivA© will donate \$1 from each sale to the Expedition Inspiration Fund for Breast Cancer Research. The spray comes in two sizes (\$24 and \$13); for more information see [www.priveproducts.com](http://www.priveproducts.com) .

Disappearing Act A company knows it has a hit on its hands when it disappears from store shelves, and there's a wait for the next shipment. That's what happened to Boots No. 7 Restore & Renew, a cult skin cream that sold out in Great Britain. After months of waiting, U.S. customers can now find the anti-aging skin cream at Target stores (as well as [target.com](http://target.com) ) and some CVS stores. No. 7 Restore & Renew is priced at \$21.99.
